

Dermal Care Shop - Product & Brand Overview

What is Dermal Care Shop?

Dermal Care Shop is an online store that offers a wide range of professional and at-home skincare devices and accessories. They cater to both skincare professionals and individuals seeking advanced skincare treatments at home. Their products are designed to support facial rejuvenation, anti-aging, hair removal, and skin resurfacing.

Product Range

- HydraFacial Machines: 7-in-1 multifunctional machines with hydra dermabrasion, RF lifting, LED light therapy, and more.
- LED Light Therapy: Masks and PDT devices for acne reduction and collagen boosting.
- Microneedling Tools: Derma pens and rollers to enhance collagen production.
- IPL Hair Removal: Handheld IPL devices for long-term hair reduction.
- Plasma Pens: Non-invasive tools for skin tightening and rejuvenation.
- Diamond Peeling Devices: Microdermabrasion tools for exfoliation and clear skin.
- Mesotherapy Tools: Hyaluron pens and mesoguns for serum infusion.
- Serums & Consumables: HydraFacial serums and disposable tips/cartridges.

Key Features

- Professional-Grade Equipment: Designed for salons, clinics, and home users.
- Full Treatment Kits: Bundled with accessories, serums, and guides.
- Warranty & Maintenance: 1-year warranty and lifetime service for select devices.
- International Shipping: Ships globally from their online store.
- User-Friendly Design: Devices are intuitive and easy to use.
